Profiles

Amit Kumar Sahoo

amitkumarsahoo0299

Summary

A motivated Computer Science graduate with expertise in **full-stack development** and proficiency in Java,Python, JavaScript, and the MERN stack. Skilled in building responsive web applications, RESTful APIs, and managing databases. Experienced in debugging, code reviews, and collaborating in Agile teams. Eager to contribute to dynamic **software development** projects while continuously learning new technologies.

Education

Parala Maharaja Engineering College — **November 2020 - May 2024**

Computer science & engineering — Bachelor of technology

8.32 CGPA

Projects

Bloggy — **January 2024 – May 2024**

Technologies : React, Node.js, Express, MongoDB, Appwrite

- Developed a full-stack blogging platform using the MERN stack, integrating Appwrite for secure user authentication and data management.
- Implemented RESTful APIs with Node.js and Express, and ensured smooth performance by troubleshooting and debugging client-server issues.

GI Disease Prediction Using XAI — **January 2024 – May 2024**

Technologies: Python,CNN,XAI

- Built a CNN-based model to classify gastrointestinal diseases with **90%** accuracy, incorporating XAI techniques for decision transparency.
- Utilized Python for development, adhering to software principles, and documented all stages of the process.

CurrenzyX — **October 2023 –October 2023**

Technologies: React, API Integration

- Created a responsive React-based web app for real-time currency conversion, integrating APIs for live exchange rates and features like currency swapping.
- Ensured cross-browser compatibility and optimized for both mobile and desktop platforms.
